Material size:	3595mm x 2606mm
Cassette size:	4030mm x 237mm x 199mm
Remote supplied:	RF Remote
Weight (screen only):	28 kgs

*A quality range of electric screens supplied with either Infra-red remote or radio remote control. A unique channel fixing system is used for ease of fitting. All screens are enclosed within an aluminium case finished in white. All cabling is situated at the rear of the screen on the left hand side allowing for cabling to be hidden when installed. All the screens have matt white material of the highest quality and black borders. The material is all black backed preventing light from bleeding through material if installed in front of a window. Separate wall switches and extension screen brackets are available as accessories if required.*

- *High quality matt white material*
- *All screens with black borders*
- *Supplied with infra-red or radio frequency remote controls*
- *Channel fix bracket allows easy installation*
- *Three year warranty on all screens*
