TRUSTED BY SCHOOLS FOR OVER 55 YEARS

Check out some of the primary & secondary schools, county boards and government bodies around Ireland that we have provided digital equipment to!

"We recently purchased Clevertouch Screens from Toomey AV for our classrooms and we are delighted with our purchase! The Clevertouch screens have enhanced the whole learning experience in the classroom. Before purchasing the screens, Toomey AV came to the school and gave a demonstration and answered many questions we had before we decided to purchase. Toomey AV provided an excellent service and smooth installation making sure we were comfortable using the Clevertouch screens before they finished installing."

BARNA SCHOOL

"Absolutely thrilled with everything. From the very first phone call to be honest. Seamus and Peter were just so brilliant with the installation. I have actually never come across such a professional service in my life. I will look no further in the future. Toomey's all the way for our school!! Thank you all. Such a fantastic, friendly and extremely efficient company/service!"

NIAMH O' TOOLE

"Toomey Audio Visual Ltd completed the installation of a new projection system in our training centre. The communication and installation process were completed seamlessly for the entire installation process. We were impressed with the equipment functionality and the system capability and ordered an additional camera system which allows us to conduct online MS Team meetings with staff."

PETER HANRATTY

AV MAINTENANCE & SERVICING

Is your AV equipment out of warranty? Let us take care of the hassle! At Toomey AV we understand that your AV equipment needs to be reliable and that you depend on it every day. That's why when something goes wrong you need a fast-efficient service that you can rely on.
